Open
Government
Partnership

Background

- International multi-stakeholder platform
- Making governments more open, accountable, and responsive to citizens
- Governed by civil society and government stakeholders

A Unique Model

A New Approach to Multilateralism

- Equal partnership between govt. & civil society
- Self-assessments / Independent Reporting
- Peer learning and exchange

Action Oriented

- Governments and civil society co-create action plans
- Secure concrete commitments
- Whole of government approach

Flexible but Ambitious

- Countries have different starting points
- Work with diverse group not just top performers
- Race to the top

Essential Components of Engagement

- Dissemination of Information
- Channels and Platforms for dialogue and co – creation
- Improving Participation and collaboration over time
- Documentation and Feedback
