

Port-au-Prince, July 16th, 2011

**Mr. Christian Caceres
Cadaster Coordinator
Organization of American States (OAS)**

**Ref: CN/000294 - Foncier Haïti: Modernization of Cadaster and Land Rights
Infrastructure in Haiti**

Dear Sir,

We would like to thank you for submitting your project to the Interim Haiti Recovery Commission (IHRC) and for your support in the recovery efforts in Haiti.

During this political transition, the office of President Michel J. Martelly has requested that all the projects recommended for approval by the IHRC, or that may have some institutional impact, should be submitted to them.

We recently received a feedback from the office of the president on your project, through which they have expressly stated that the Government only has the authority to make a decision on a sovereign issue like cadaster management.

Considering the current political transition Haiti is going through, the IHRC has been requested to keep the project on hold until the new Government is in place.

We will inform you of further developments as soon as possible and would like to thank you again for submitting a project to the IHRC.

Sincerely,

On behalf of Prime Minister Jean Max Bellerive
Henry Robert Louis

On behalf of President William J. Clinton
Laura Graham
