[SEMINAR 2 RESOURCES](#)

[SEMINAR 3 RESOURCES](#)

Objective of the webinar cycle:

To build capacities and raise awareness of members of the Belize Open Government National Steering Committee on their role by exposing them to knowledge and experiences from around the world that have contributed to the implementation of successful open government steering committees.

Rationale:

The introduction of open government in any give adopting country since 2011 had inspired adjustments that enable its successful implementation by operating under certain standards. One of these adjustments addresses the generation of an in-country multi-stakeholder working group willing to orient the open government actions to be adopted. With the inception of the very first national open government steering committee in Belize in 2020, this project seeks to contribute in the preparation of those actors willing to participate of the steering committee by providing three basic training sessions on fundamentals of the role and expected actions; including the development of the national open government action plan. Upon successful completion of the training sessions, members of the Steering Committee will acquire the necessary proficiency to undertake their roles successfully. The sessions will be accompanied by the project's coordinating team in Belize and will be delivered by international experts in a videoconference format, overseen by the OAS and the Open Government Partnership (OGP). Sessions details:

SEMINAR 1 to the Belizean Open Government Ecosystem - Open Government: overview of the global path to 2020

[SEMINAR 1 RESOURCES](#)

SEMINAR 2 to the Belizean Open Government Ecosystem: Development of National Open Government ActionPlans

[SEMINAR 2 RESOURCES](#)

SEMINAR 3 to the Belizean Open Government Ecosystem: More on co-creation and setting ambitious open government commitments

[SEMINAR 3 RESOURCES](#)

Objective:

To build capacities and raise awareness about the rules and guidelines for participants of the multi-stakeholder open government Belizean ecosystem when engaging in formal open government co-creation processes such as the national open government action plan.

Rationale:

The introduction of open government in any given adopting country since 2011 had inspired adjustments that enable its successful implementation by operating under certain standards. One of these adjustments addresses the generation of an in-country multi-stakeholder process willing to work towards establishing open government commitments to be embraced. With the initiative to develop the very first national open government action plan in Belize in 2020, this project seeks to contribute in the preparation of those stakeholders willing to participate of co-creation processes by providing three basic training sessions on fundamentals of their role and expected actions. Upon successful completion of the training sessions, participants would have acquired the necessary proficiency to engage in the co-creation of the national action plan. The sessions will be delivered to participants in Belize by international experts in a videoconference format, overseen by the OAS and the Open Government Partnership (OGP), and accompanied by the project's coordinating team in Belize, for those participants attending in person. Only participants attending all sessions (in person or through webinar) will receive a certificate of completion. Sessions details:

Participants can attend online or in person (to the venues shown below. Refreshments provided)
